## Remade Kilts

Does your kilt not fit as well as it once did?

Is your kilt faded from when it was new?

Are your straps worn?

If yes to any of the above questions then perhaps we can help.

Your existing kilt can be remade to new measurements making it fit as it once did.

If the kilt has faded the kilt can be remade with the interior side of the tartan to show on the outside.

During all of these maintenance procedures, straps, lining and interfacing are replaced to give the kilt a professional finish. Your kilt will again look new.

Most kilts will benefit from this but if the kilt is too damaged we will advise you of this.

We believe the price for this service is worthwhile and can add many years to the life of your kilt.

## Do you have your own tartan?

If you have your own tartan, we can create you kilts to your specifications.

Contact us for a price for this service.

# Babies First Kilt
